

The Internet

What do you use the Internet for?

Get information

Nowdays the Internet is the largest source of information

What kinds of information?

f.e. politics, news, economy, health care, find a job, forecast weather, working hours, arrivals and departures, Wikipedia, festivals, shops and goods, book hotels or holidays, recipes, programmes ...etc.

Be careful! You can be given false information on the Internet

Listen to music

Do you like listening to music?

What music do you like?

Do you download the music from the Internet?

Do you pay for it?

Is it legal or illegal?

Watch films and videos

How about you? Do you watch films or videos here?

Do you download them?

What is your favourite site?

Online shopping

Have you ever bought something on the Internet?

What was it? Did you keep the goods or send it back?

„Pros and Cons“ of online shopping:

Pros: stay at home, more comfortable

Cons: cannot touch goods, cannot try it on

Read electronic books

Do you like reading books?

There is an option to read them electronic way

You can find sites they offer the e-books for reading

Some of them are for free

Or you have to pay for them

Internetbanking

or electronic banking

It is comfortable to pay bills from your computer or smart phone

You need access and password

You can use your account sitting at home

You can pay or buy things this way

Be careful with your password !

Distance Education on the Internet

Nowdays we are living very strange time in 2020 year

There is a danger of Corona pandemic

So pupils and students are being educated online

Send and receive E-mails

or electronic mail

It is the fast way to send or receive mail

We can contact people from around the world in short time

Do you have an email box?

Social nets

A good place to meet your friends and chat with them

To share your ideas and opinions

To know something new

Are you a member of any social net?

What do you do there?

Be careful!

Social net is a very dangerous place

Protect yourself from abusing of privacy

Play computer games

A good way for fun and passing the time

To learn new English words

Be careful! Not to get addicted to playing computer games

Better move your body

Thank you for your attention 😊
